PULLEY LIFT

FIBERGLASS MARKET

PULLEY LIFT

Manufactured using the best materials and fabrics the industry has to offer. Its commercial grade design consists of fiberglass ribs with a half-inch thickness, allowing the frame to bend and flex easily in windy conditions. The fiberglass market umbrella has a durable aluminum center pole with resin and stainless steel parts, and a heavy gauge pulley system for worry-free opening and closing. Available in five sizes and five frame finishes, it is sure to exceed your expectations.
